### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or suggest a data storage media recited in claim 1, the data storage media having rewritable surfaces comprising an electronic storage media upon which data are recorded, a first electrode covering a portion of a first surface on the exterior of said storage media, electronic ink deposited over portions of said first electrode, wherein a background electrode contact of an external programming device is coupled to said first electrode and configured for receiving a bias voltage upon physical contact with said external programming device, and wherein areas of said electronic ink are configured to be set to one of at least two optical states by an electrode array of said programming device into which said media is received, said electrode array having a plurality of pixel electrodes presenting a sufficient voltage field in relation to said first electrode to change the optical state of said electronic ink thereby printing a rewritable label on said media.

Claims 2-4 and 10-12 are allowed because they are directly or indirectly dependent from claim 1 above.

The reason for allowance of claims 5-9 has been stated in the Office action issued on 05/24/06.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
